

GROUND ONE

LANDSCAPE DESIGN + BUILD

LANDSCAPE DESIGNER

Job Description:

The landscape designer will lead clients through landscape design to completion of construction, following our comprehensive client-focused process. This position will also provide project support to our Landscape Architect. This position reports to Ground One's owner.

Our Company:

- Ground One is an award-winning landscape design + build firm that specializes in custom residential landscape architecture, design and construction.
- Our projects are highly technical and challenging to build. We take pride in employing some of the most highly-skilled craftsmen in the Twin Cities.
- We are located in West Bloomington and we work throughout the greater Minneapolis-St. Paul metro area.

Our Culture:

- Ground One is a collaborative, fast-paced, team-oriented work environment.
- We follow a client-focused process from lead generation through final walk through.
- We foster a collaborative culture that values teamwork, consistent follow-through, multi-tasking, and the ability to prioritize responsibilities effectively.

Job Responsibilities & Duties

- Follow through on provided job leads for landscape design services.
- Facilitate clients through Ground One's design process, which ultimately leads to signed construction contracts.
- Complete bidding and construction documents to be used by our estimator and crews.
- Interact with construction crews as needed to facilitate successful installations of designs.
- Maintain consistent and timely communication with clients throughout the design and build process.
- Provide project support to our Landscape Architect, as directed.
- Complete other tasks and special projects, as assigned.
- Meet minimum annual sales revenue goals, as outlined at beginning of employment.

Requirements:

The ideal candidate will be self-motivated, organized, and eager to take on responsibility and grow with Ground One. In addition, he or she will possess:

- Minimum 3-years of experience in residential landscape design and sales.
 - Excellent customer service skills.
 - Strong design skills embracing landscape design principles.
 - Strong working knowledge of landscape construction and experience with construction administration.
 - Proficiency completing field measurements & documentation and construction document packages.
 - Proficiency using Autocad and/or Dynascape, Adobe Creative suite, and Microsoft Office suite.
 - Experience with Sketch-Up or other 3-D rendering software a plus.
- Excellent written & verbal communication, organizational skills, and attention to detail.

Compensation Package:

- Salary commensurate with experience.
- Health insurance and Health Savings Account (HSA)
- Paid time off
- Retirement plan with employer match

To Apply:

- Provide current resume, portfolio with drawings, and photos demonstrating past work.
- Have the ability to provide work references.
- Application materials should be sent to: nate@groundonemn.com or mailed to Nate Anderson, Ground One, 2112 West Old Shakopee Road, Bloomington, MN 55431.
